SMART

SPECIALISATION

online webinar

28.04.2020

Ricard Esparza Masana

Professor of economic analysis
at the Autonomous University of Barcelona,
S3 expert

KEYNOTE SPEECH: Updating S3 monitoring systems based on continuous learning

The webinar targets an informed discussion on the three main axes of a sound S3 monitoring system:

-  evolution of the smart specialisation process
-  cost-benefit standard analysis
-  identification of learning outcomes that generate long run positive externalities

✓ Join the discussion, sign up today!
